Willing to relocate: Anywhere

Authorized to work in the US for any employer

## Work Experience

---

### **Game Developer**

Self own business

February 2021 to Present

[Node.js , C#, MongoDB, AWS, WordPress] Created a blockchain game in Unity with a colleague. Built all the backend infrastructure from scratch using Node.js. Created Solidity smart contracts to create NFTs for the game and integrated them into the gameplay by requiring them to play the game by having the user login with their MetaMask wallet, and tying levels to the NFTs (in progress). Data was saved using MongoDB in combination of an API built using Express. Game Server was ran using AWS EC2 Linux instance with a load balancer.

### **IT Professional**

IT Professional - Chino Valley Unified School District - Chino Valley, AZ

December 2018 to October 2019

Managed two different schools consisting of Windows, Chromebooks, and Neverware Software. Worked in google admin to control OU's to manage Chromebooks and Neverware devices. Installing new images to computers. troubleshooted computers, printers, Smart Panels, SmartBoards, speakers, and projectors. Installing SmartBoards, SmartPanels, speakers, switches, security cameras, and new desktops/laptops. Managed high stress test situations that had to be fixed in a promptly manner. Worked in Active Directory to create Company Profiles(OU's) for New Students, teachers, and staff members.

### **Door to Door Salesman**

Absolute House Care - Terre Haute, IN

April 2017 to July 2018

Went door to door and presented a two-hour presentation to try to persuade them to buy an air and water purification system. This job taught me great people skills and sales skills.

### **School IT help desk Volunteer**

North Central High School - Farmersburg, IN

August 2014 to May 2016

Helped teachers and students with troubleshooting their Window systems, I pad's, and MacBook's. Set up projectors and added apple TV features to them and fixed them when errors occurred.
